## Parents ♥ love mograSIS

Parent web is fully integrated part of the system and available 24/7, can be accessed from work, home, school. The parents love being with the school and informed of their children's progress. Instant access to all the information related to their child. Monitors the performance of their child from anywhere with secured access. Access to performance, Attendance, Fee status, Exam schedules, announcement. Improves quality of interaction between parents and teachers.

"Mobile Apps" is crafted with lot of concentration on what parents can expect or what they may look for. Parents who have no time to visit the school but are very much concerned about their child's studies would also love to get through the details at a few clicks. Logging into their account, parents can view reports on attendance of their child, performance at studies or in co-curricular activities etc.
